Education

Graphic Era Hill University, Dehradun

B.Tech in Computer Science & Engineering (Cybersecurity)

2023 – 2027

CGPA: 7.32 / 10

D.A.V Public School, Kotdwara

Class XII (Science)

2022 – 2023

CGPA: 7.1 / 10

Experience

Cybersecurity Intern – Amroha Police (APCSIP-2026)

Jun 2026

Amroha, Uttar Pradesh, India

On-site

- Completed the Amroha Police Cyber Security Internship Program (APCSIP-2026), gaining practical exposure to cybercrime investigation and digital forensics.
- Performed practical investigations across 4 cybersecurity domains: Digital Forensics, OSINT, Dark Web Investigation, and cybercrime analysis through hands-on case studies.
- Gained hands-on experience in Mobile Security, Network Security, Cyber Laws, and UPI fraud investigation.
- Collaborated with 10+ cybersecurity professionals and law enforcement officers during forensic analysis, cybercrime investigation exercises, and technical workshops.

AI-Assisted Full Stack Web Development Intern

Jun 2026 – Present

Technology Business Incubator (TBI), Graphic Era Deemed to be University

Dehradun, Uttarakhand, India

Hybrid

- Developing AI-assisted full-stack web applications using React.js, Flask/Node.js, and REST APIs.
- Building scalable application modules by applying object-oriented programming and data structures.
- Collaborating with mentors using Git/GitHub and agile development practices.

Projects

SecureCC: Secure Compiler Environment – Python, FastAPI, React, GCC [GitHub](#)

- Architected a secure compiler environment that detects 5+ common C security vulnerabilities during compilation.
- Implemented static analysis to detect 5+ vulnerability categories, including buffer overflows, command injection, and format string flaws.
- Built a web-based IDE integrating 3 core technologies (React, FastAPI, Monaco Editor) for real-time secure coding feedback.

Inventory: Supply Chain Management System – Flask, MongoDB, AWS [GitHub](#)

- Applied object-oriented design and efficient data structures to develop a scalable supply chain management system for inventory and supplier management.
- Implemented secure REST APIs, optimized database queries, and developed inventory tracking and delivery optimization logic to improve operational efficiency.

Technical Skills

- **Languages:** Java, Python, C, C++, JavaScript, HTML, CSS
- **Frameworks:** React.js, Flask, FastAPI
- **Databases:** MongoDB, MySQL, SQLite
- **Cloud & Tools:** AWS, Git, GitHub, Render, Netlify
- **Core CS:** Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks

Certifications & Achievements

- IBM Front-End and Web Development Certification — Aug 2024
- AWS Cloud Practitioner AWS Cloud Essentials — Nov 2025
- Cisco Ethical Hacker Certification — Dec 2025
- Ranked among the Top 1000 teams out of 200,000+ participants in Adobe Hackathon 2025.
- Secured a Top 42 ranking among 400+ participants in the AWS Jam Event 2025.
- Solved 150+ Data Structures and Algorithms problems on LeetCode.
